DOORS **VIZIT** PROVE TO BE THE ULTIMATE SOLUTION FOR MULTI-APARTMENT, OFFICE AND INDUSTRIAL BUILDINGS:

1 STRONG, DURABLE AND VANDAL RESISTANT

- Rigid welded frame from steel pipe, reinforced hinges
- RF identifiers with enhanced security
- Electromagnetic lock (300 kg) at the handle area
- Door leaf with reinforcing ribs, and 4 mm thickness at the edges.
- Locking pins for the hinged side panel

2 WEATHER RESISTANT, HIGH-GRADE HEAT INSULATED AND SOUNDPROOF

- Galvanized steel sheet
- Efficient heat insulating material URSA
- Weather strip along the door edge
- Double-layer paintwork: powder paint + specific protective lacquer
- Triple-glazed glass with inner protective film and 60% bronze tint

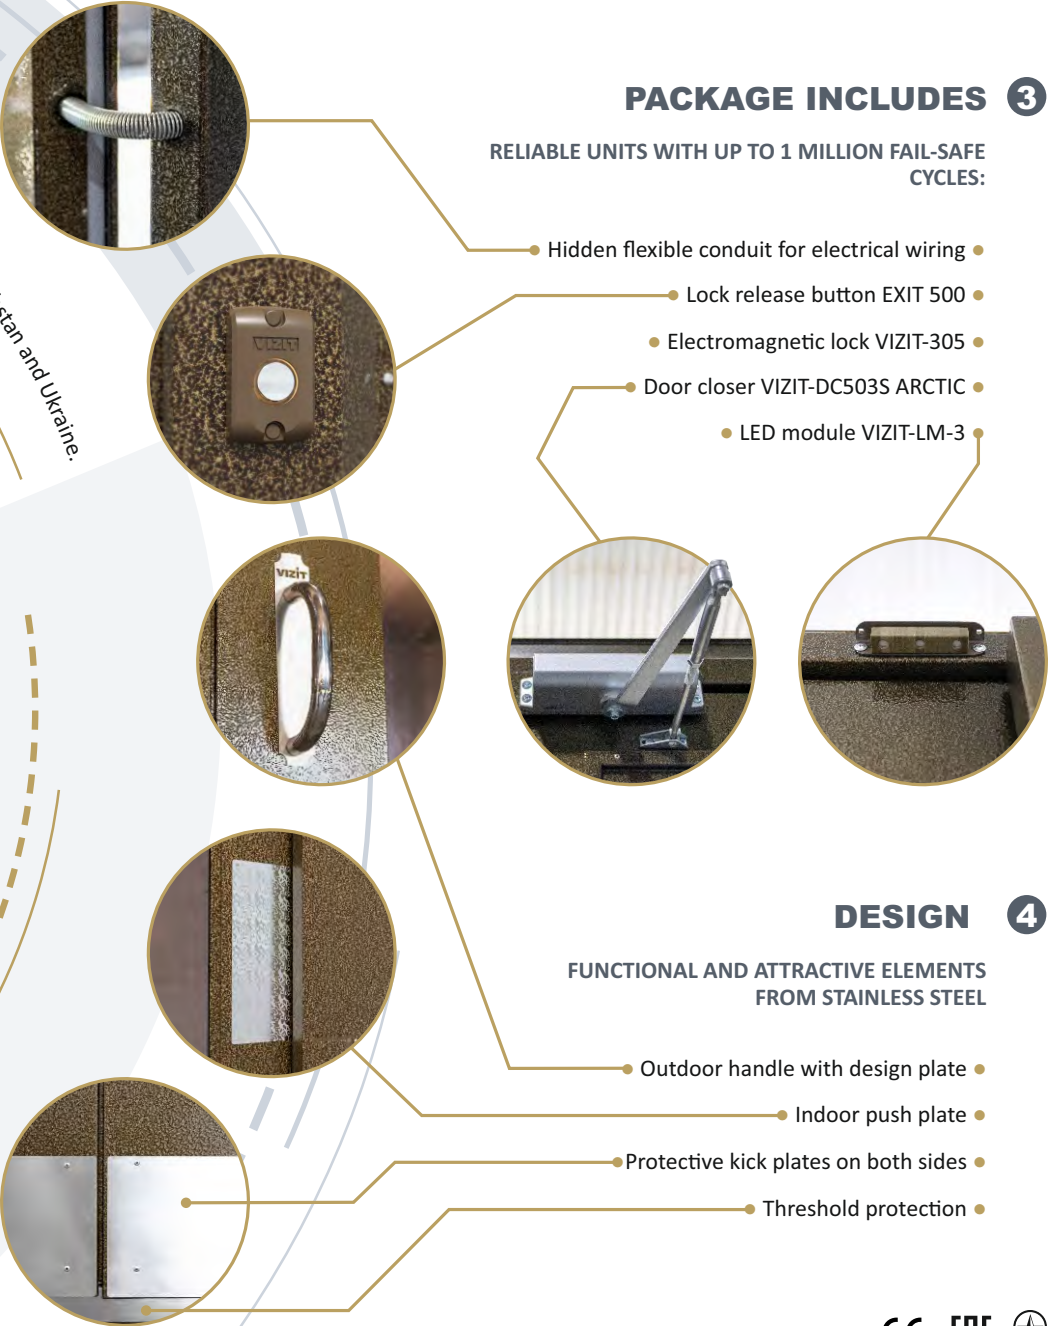

15-year operating experience in diverse weather conditions: from Mongolia to Estonia and Czech Republic, from Siberia to Kazakhstan and Ukraine.

PACKAGE INCLUDES 3

RELIABLE UNITS WITH UP TO 1 MILLION FAIL-SAFE CYCLES:

- Hidden flexible conduit for electrical wiring
- Lock release button EXIT 500
- Electromagnetic lock VIZIT-305
- Door closer VIZIT-DC503S ARCTIC
- LED module VIZIT-LM-3
