SAFETY INSTRUCTIONS

The handset does not contain voltage above **15 VDC**.
 Do not connect the handset to a telephone line!
 Do not make any connections when the power is on.

INSTALLATION

Outward appearance and controls layout are shown on Figure 1.

1. Connect a two-wire cable from the commutator to the handset terminals on the back of handset holder, observing polarity.
2. Fix the holder on a wall. Use the mounting kit.
3. Hang up the handset.

Set the ring volume switch to the desired position (I – max. / 0 – min.).
 It affects earpiece volume as well.

Press the DOOR OPEN button during intercom to unlock the door.
